

Marco Island Shell Club Grant Application 2024

To be used for classroom necessities like supplies and activities not in the existing budget for the school year. Teachers who apply for a grant must have specific plans in mind for the money.

Personal Information

Teachers Name or Organization _____

School Name _____

Address _____

City _____ Zip _____

Personal Phone _____

Personal Email Address _____

Professional Information (attach answers to the following questions)

- Describe your activity and how it relates to the areas of marine science, water or environmental studies, or mollusks and sea life.
- Who will benefit from your grant activity? Ages of students? Number of students?
- Describe what each student is expected to take away from this project in terms of experience, skill or opportunity.
- List materials needed and the cost of each. If approved, we will need a detailed invoice so we can directly pay for the items.

Grant fund dollars are limited but will be stretched as far as possible for the strongest projects.

Applications for grants must be received by March 8, 2024 to be considered. Please send applications to:
